EQUIP THE EAGER

There is no shortage of talent in the slums. Gifted, capable, and driven men and women live each day without access to the opportunities needed to develop their God-given potential. This is a profound loss, both for them and for the communities they are positioned to influence. It is also a reality we are committed to changing. When individuals are equipped with the right tools, knowledge, and opportunities, they can break free from the cycles that have held them back for generations. Skills lead to income. Confidence leads to initiative. Leadership leads to multiplication. As people begin to grow, so do their families, their neighborhoods, and the broader community around them.

As the ministry in Ouanaminthe continues to expand, so does the need to intentionally equip both team members and emerging leaders. A dedicated computer lab and library will serve as a central hub for learning, training, and development. Within this space, individuals will gain access to digital skills, ministry resources, theological materials, and leadership training that strengthen their ability to serve with excellence and pursue new opportunities.

This environment will extend beyond team development. Discipleship participants and community members will also benefit through structured classes, mentoring relationships, and knowledge-sharing opportunities that promote both personal and economic growth. Over time, this equipping hub will help raise up confident, capable leaders who not only advance gospel-centered work but also contribute to sustainable community transformation across the region.

LIGHT THE FIRE

At the core of everything happening at the Ouanaminthe Center is prayer. It is how decisions are made, burdens are carried, and lives are transformed. Team members, discipleship leaders, and community participants seek the Lord's guidance, intercede for others, and deepen their walk with Christ.

A dedicated prayer room will provide an intentional space to meet with God, reflect on His Word, and lift the needs of the community before Him. More than a room, it will serve as a spiritual anchor for the entire center, ensuring that every outreach, every act of compassion, and every leader developed flows from dependence on Christ.

Here, hearts will be strengthened, direction clarified, and people prepared to go wherever God calls.

FROM PRAYER TO MULTIPLICATION

PRAY

A place where believers seek God, intercede for their communities, and deepen their dependence on Christ.

PREPARE

A place where emerging leaders are strengthened in biblical truth, equipped for ministry, and prepared to serve.

SEND

A place where disciples become disciple-makers, leaders become multipliers, and missionaries are sent to carry the gospel beyond Ouanaminthe.

The Hornsby Prayer & Equipping Hub will light a fire that spreads far beyond Ouanaminthe, transforming communities throughout Haiti and preparing missionaries to carry the gospel into the world.

PARTNER FOR HOPE

Like you, we are passionate about pointing people to life in Jesus. We are honored by the opportunity to present this partnership request to equip people spiritually, professionally, and personally in some of the poorest communities on earth.

The Hornsby Prayer & Equipping Hub is the training ground for this transformation. Through your partnership in this project, people will be able to reach their full potential and master their God-given abilities both for their local communities and for the Kingdom. You are providing an opportunity for the shackles of generational poverty to be broken and for eternities to be changed. Thank you for considering joining us in providing this hope to the people of Ouanaminthe, Haiti.
