EQUIP THE EAGER

The pool of talent runs deep in the slums. Capable, driven, remarkable men and women live out their lives in poverty without the opportunity to harness their God-given gifts and reach their full potential. This is a heartbreaking reality and one we are making efforts to remedy.

Holistic, life-transforming community restoration is not possible if the local workforce does not have the necessary training and skillset to lead the work. The most comprehensive, longest-lasting impact Vapor Ministries is able to provide to the communities we serve is the opportunity to train the local people in a professional, social, and spiritual capacity.

Technical skills for specific career paths, spiritual disciplines for harnessing a relationship with the Lord, life skills for social maturation, alongside a host of other training opportunities allow the seedlings of deep-rooted change to be planted in these communities.

The Hornsby Prayer & Equipping Hub is the training ground for this transformation. Through your partnership in this proposal, people will be able to reach their full potential and master their God-given abilities both for their local communities and for the Kingdom. You are providing an opportunity for the shackles of generational poverty to be broken and for eternities to be changed. Thank you for considering joining us in providing this hope to the people of Ouanaminthe, Haiti.

LIGHT THE FIRE

The “Prayer” side of the Hub features a dedicated war room with a set-aside area for prayer, praise, and worship. This space provides a retreat for our team and community members to spend focused time with the Father while preserving a location for the Watchmen to be on the wall as a part of our 24hr global prayer chain.

The “Equipping” side of the Hub houses resources and training space for equipping leaders, staff, and the community with knowledge and skillsets that will greatly accelerate community transformation and prepare for greater opportunities of service in the days ahead. We believe investing in and equipping local people is an essential component for excellent service today and outreach expansion tomorrow.

The Hornsby Prayer and Equipping Hub is the kindling that will ignite a raging inferno, bringing glory to God for the transformation of local communities throughout Haiti while preparing a missionary force to be deployed into the world.

PARTNER FOR HOPE

Like you, we are passionate about pointing people to life in Jesus. We are honored by the opportunity to present this partnership request to equip people spiritually, professionally, and personally in some of the poorest communities on earth.

To that end, we ask you prayerfully consider the funding of this Hornsby Prayer & Equipping Hub in Ouanaminthe, Haiti.
