DRIVE MINISTRY SUSTAINABLY

STOP PIT FEEDING

The funding needs of nonprofits can feel like bottomless pits. As a business person, you know the value of sustainability and return on investment. We're with you. We aim to fund 60% of our OPEX through businesses we own and operate. This fund adds fuel to an economic engine that drives sustainable growth in the business itself and global impact.

FUEL THE ENGINE

Investment into a new Vapor Thrift Store makes great Kingdom business sense with a 27% rate of return and an eternal ROI of millions of Gospel Impressions in unreached West Africa.

BUILD PEOPLE UP

People rise to new heights when they are professionally, spiritually, and personally built up. This fund creates opportunity to extend full development programming to our thrift staff, building a pipeline of homegrown managers.

ENHANCE LOCAL COMMUNITIES

Our stores have tremendous ministry impact in their communities. They provide jobs (often in "second chance" scenarios), community service opportunities, affordable goods, and they partner with local ministries who utilize excess goods for community benefit.

ADVANCE MISSION SUSTAINABLY

More thrift stores mean more dollars spent on the ground in Africa and Haiti. See how your investment in this fund plays a major role in our overall financial picture.

FUEL SUSTAINABLE EXPANSION

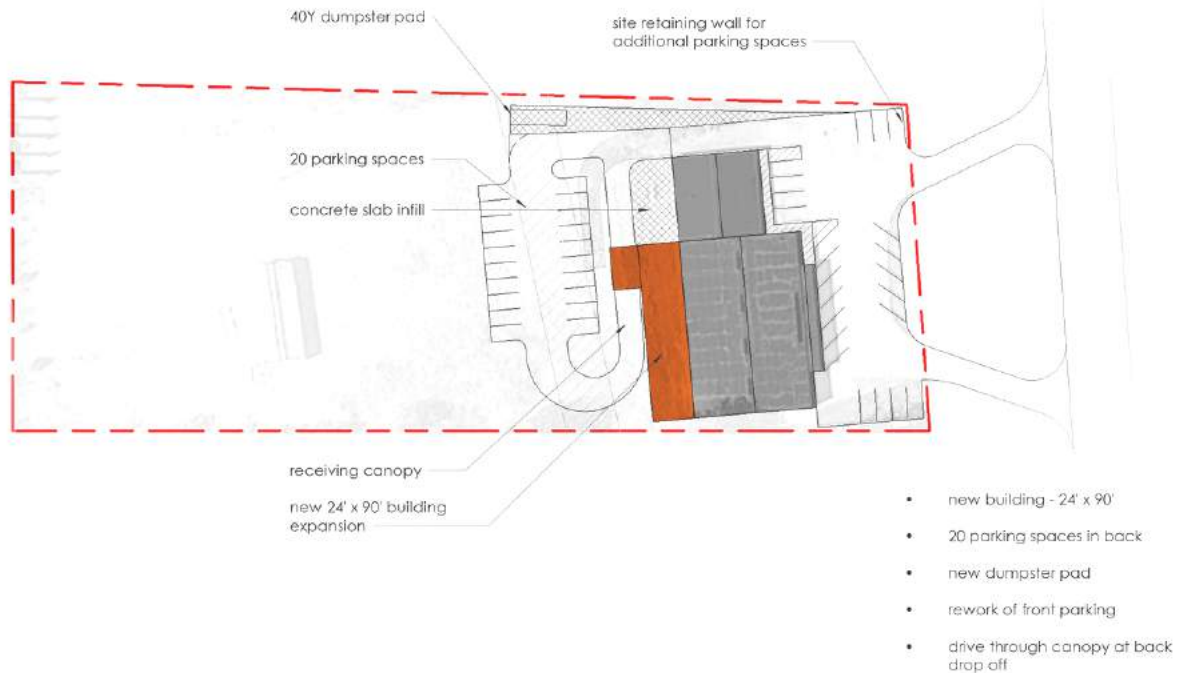

Financial sustainability is a key to Vapor Ministries. We aim to offset our OPEX as shown below. Hitting these targets triggers ministry expansion. We extend expense-producing outreach as we have the means to sustain it. Our funding model reduces risk by relying heavily on "Profit Centers" to join donor dollars to cover ministry expense.

"Profit Centers" are businesses we own in our 4 countries of operation. In the U.S., thrift retail stores and wholesale operations are the main profit centers.

Your investment will generate profit to offset ministry operating expenses. This drives sustainable ministry expansion resulting in more lives transformed around the world.

Ready. Set. Grow.

Vapor Thrift Store Westover is bringing jobs, affordable goods, excellent customer experience, and community impact all while driving mission advancement in less reached and underserved West Africa.

Expanded Store = Gospel Reach
Currently projected to generate revenue of \$800k once fully built out, this location will play an integral role in funding expanded operations in unreached West Africa. The gospel will reach farther, millions of additional meals will be served, and more families will break the cycle of poverty in the name of Jesus.
