EQUIP TOGETHER

Strong teams are built together. As Vapor Ministries continues to increase impact in Haiti, so does the need for a dedicated space where team members can gather, learn, worship, and develop together. The Ouanaminthe Pavilion will create a large-group environment designed for training and equipping people at scale. Here, team members can step away from the demands of daily ministry to sharpen their skills, strengthen relationships, align around shared priorities, and grow as leaders.

The Pavilion will support leadership development, ministry training, team gatherings, worship, conferences, and other large-group experiences that are difficult to accommodate in smaller, indoor meeting spaces.

When you invest in the people carrying the mission, you strengthen the ministry they carry. This space will allow us to develop stronger teams today while preparing leaders for the growth ahead.

1. Main Gate
2. Security
3. Water Distribution
4. Admin Building
5. League Building
6. Storage Building
7. Water Tower
8. Underground Water Storage

13. Mechanical & Electrical
14. Hornsby Prayer & Equipping Hub
15. Regional Office
16. Agriculture
17. Pavilion
18. Barn
19. Theater

OPEN THE DOORS

The impact of the Pavilion will extend beyond Vapor's team. Designed as a resource for the broader community, the facility will also be available to local businesses, government leaders, organizations, and other groups needing a quality space to gather.

Each gathering creates an opportunity to strengthen Vapor's relationship with the community and welcome people to the Ouanaminthe center who may otherwise never experience the ministry firsthand.

Rental income will also create an additional source of locally generated revenue, helping offset operating costs and strengthening the long-term sustainability of Vapor's work in Haiti.

TRAIN

Your investment equips Vapor team members and leaders through large-group training, development, and ministry gatherings.

SUSTAIN

This project will generate rental revenue that helps strengthen the long-term sustainability of ministry in Haiti.

*One space. Countless gatherings.
Stronger leaders, deeper community
relationships, and greater capacity to
serve Ouanaminthe for years to come.*

YOUR PARTNERSHIP

People carry the mission. And people need to be equipped. The Ouanaminthe Pavilion will give us a place to gather our team, sharpen our leaders, and prepare them for the work God has called us to do.

By making this Pavilion possible, you are investing in a space designed to serve again and again, strengthening the people who carry the mission while creating new relationships and locally generated revenue that can help sustain it.

We invite you to prayerfully consider joining us to create a gathering place that equips leaders, serves the community, and strengthens ministry for years to come.
