Dear Friends,

Vapor Ministries is committed to alleviating poverty and multiplying disciples in extreme poverty across Africa. With established ministry centers in the Gichagi slum of N'gong and the Kawangware slum of Nairobi, as well as a future third center, our impact in this region continues to expand. But we also are actively developing teams in East Africa to mobilize as missionaries into less reached Sahel and West Africa. To further our mission and empower our regional team, we are seeking funding to build out an East Africa Regional Office on-site at our Gichagi center. This Office will serve as the headquarters for our regional leadership team, providing a dedicated space to coordinate ministry activities, facilitate training, mobilize teams, and oversee operational strategy for current and future ministry centers. This office will allow for cohesive, impactful management of our work in the region and development for regions beyond. Thank you for considering this opportunity to join us in this important endeavor. Please feel free to reach out if you have any questions or would like to discuss this further.

East Africa Region Office

This vital project includes functional, collaborative office spaces to enable effective planning, oversight, and administration. The training and meeting spaces are designed for team gatherings, leadership development, and strategy sessions, fostering alignment and spiritual growth. The office will be equipped with essential tools and technology for communication and reporting across centers and will be able to support ministry growth with a third ministry center planned in the region. In addition, this space will be the launching point for Kenyan team members who are called to serve as missionaries in other regions. Your partnership in this project will not only impact lives and souls in Kenya but far beyond into less reached West Africa.

Your Eternal Impact

The need for a dedicated East Africa Regional Office is a crucial step in our journey to impact the lives of hundreds of thousands across East Africa and mobilize missionary teams across the continent. By partnering with us in funding this office, you are investing in a legacy of transformative change that goes beyond immediate relief, building sustainable solutions that empower communities long-term. This office will be a command center for change, where leaders are equipped to serve, disciples are multiplied, and hope is restored in some of the most vulnerable areas in Africa. Your support will directly enable our team to mobilize resources efficiently, deepen our community reach, and nurture a robust network of discipleship across East Africa. We invite you to join us in making a tangible, lasting impact. Together, we can create a beacon of hope, stability, and spiritual growth—a legacy that reflects your commitment to the Kingdom and transforms generations. Will you join us in this vital next step?
