

2023

ANNUAL REPORT

Friends,

Your generosity is a life-giving river. Hope and opportunity are flowing into once-barren lands. Your love is reviving communities. Your prayers are lifting spirits. And your faith is moving mountains.

Together, we opened the doors to a sixth international outreach center, broke ground on a seventh, and spurred minds and hearts into motion through a new Prayer and Equipping Hub. More hungry mouths were fed, thirsty lips relieved, life-changing health services provided, and souls won for the Kingdom than ever before. Your outreach across East Africa, West Africa, Haiti, and through our US Thrift Operation was expansive.

You have done much for the least. You have done much for Him.

Though words of gratitude seem hopelessly inadequate to express how me, my family, and our 671 global team members feel, on behalf of all of us, Thank You!
